

## **Finish Carpenter**

MurphyMcKenna Construction is seeking qualified candidates for a Finish Carpenter. Ideal candidate will have an acute propensity for precision and a keen eye for finer woodworking details. This position will require candidate to divide attention between multiple projects, while working with each site team and supervisors effectively.

### **Primary Duties:**

- Perform finish and trim carpentry work accurately and accordingly to plans and specifications.
- Installation of fixtures and millwork for windows, doors, staircases, crown molding, ceiling panels, cabinets, and decking.
- Troubleshoot, analyze and repair is site issues with building components and equipment.
- Schedule the transport of site materials and equipment to various projects.
- Observe and comply with all applicable OSHA Safety Regulations on each worksite.

### **Required Skills:**

- Have working knowledge and understanding of all carpentry related tools, both power and hand.
- Have basic knowledge to read and interpret architectural plans and blueprints accurately.
- Excellent verbal and written communication, as well as outstanding problem-solving skills.
- Erect site scaffolding or ladders as need.
- Be physically able to perform various job site tasks as well as lifting equipment.
